SUBJECT INDEX

Africa
Value Engineering and Optimal Building Projects, Akintola Omigbodun, AE June 01, p40-43.

Air conditioning
Cold-Air Distribution Comparison for Four Supply Air Diffusers, S. Jafri, J. Jones and H. Singh, AE Mar. 01, p1-5.

Airblast
Considerations for Blast-Resistant Glazing Design, H. Scott Norville, P.E. and Edward J. Conrath, P.E., AE Sept. 01, p80-86.

Airport terminals
Numerical Studies on Smoke Filling Process in an Airport Terminal, E. Cui and W. K. Chow, AE Sept. 01, p71-79.

Application methods
Quality Function Deployment in Design/Build Projects, Low Sui Pheng and Larry Yeap, AE June 01, p30-39.

Architectural engineering
Brunelleschi's Dome: How a Renaissance Genius Reinvented Architecture by Ross King, Brian Curran, AE June 01, p57.

Transformable Structures Design Features and Preliminary Investigation, Katherine Liapi, AE Mar. 01, p13-17.

Understanding Concepts of Efficiency and Effectiveness in Architectural Facilities Space Planning and Design, B. D. Ilozor and D. B. Ilozor, AE Dec. 01, p126-130.

Bangladesh
Quality of Building Construction Materials (Cement) in Developing Countries, Enno "Ed" Koehn and Mohsin Ahmmed, AE June 01, p44-50.

Blocks
Influence of Construction Method on Water Permeation of Interlocking Block Masonry, K. B. Anand and K. Ramamurthy, AE June 01, p52-56.

Building codes
Impact Codes and Standards, Vinu J. Abraham, AE June 01, p19-20.

Building design
Transformable Structures Design Features and Preliminary Investigation, Katherine Liapi, AE Mar. 01, p13-17.

Value Engineering and Optimal Building Projects, Akintola Omigbodun, AE June 01, p40-43.

Buildings
Building Energy Management as a Continuous Quality Control Process, Gregor P. Henze, AE Dec. 01, p97-106.

Technological Trajectories of Construction Innovation, T. Michael Toole, P.E., AE Dec. 01, p107-114.

Buildings, high-rise
Use of a Modified Network Model for Analyzing Evacuation Patterns in High-Rise Buildings, Siu Ming Lo, Zheng Fang and DaHong Chen, AE June 01, p21-29.

Buildings, nonresidential
Measurements of Air Leakage through Revolving Doors of Institutional Building, R. Zmeureanu, P.E., T. Stathopoulos, P.E., M. E. D. Schopmeijer, F. Siret and J. Payer, AE Dec. 01, p131-137.

Buildings, public
Underexcavation for Leveling Buildings in Mexico City: Case of the Metropolitan Cathedral and the Sagrario Church, Efraín Ovando-Shelley and Enrique Santoyo, AE Sept. 01, p61-70.

Cements
Quality of Building Construction Materials (Cement) in Developing Countries, Enno "Ed" Koehn and Mohsin Ahmmed, AE June 01, p44-50.

Client relationships
Quality Function Deployment in Design/Build Projects, Low Sui Pheng and Larry Yeap, AE June 01, p30-39.

Computer aided instruction
Development of a Teaching Tool for Building Construction, Mehdi Setareh, P.E., AE Mar. 01, p6-12.

Computer aided simulation
Volumetric Study of Reflected Glare from Glass Curtain Walls of Buildings, Naai-Jung Shih and Yen-Shih Huang, AE Sept. 01, p87-93.

Construction
Development of a Teaching Tool for Building Construction, Mehdi Setareh, P.E., AE Mar. 01, p6-12.

Technological Trajectories of Construction Innovation, T. Michael Toole, P.E., AE Dec. 01, p107-114.

Construction costs
Value Engineering and Optimal Building Projects, Akintola Omigbodun, AE June 01, p40-43.

Construction industry
Building Project Scope Definition Using Project Definition Rating Index, Chung-Suk Cho and G. Edward Gibson, Jr., AE Dec. 01, p115-125.

Quality Function Deployment in Design/Build Projects, Low Sui Pheng and Larry Yeap, AE June 01, p30-39.

Construction materials
Quality of Building Construction Materials (Cement) in Developing Countries, Enno "Ed" Koehn and Mohsin Ahmmed, AE June 01, p44-50.

Construction methods
Influence of Construction Method on Water Permeation of Interlocking Block Masonry, K. B. Anand and K. Ramamurthy, AE June 01, p52-56.

Contractors
Quality Function Deployment in Design/Build Projects, Low Sui Pheng and Larry Yeap, AE June 01, p30-39.

Cost control
Value Engineering and Optimal Building Projects, Akintola Omigbodun, AE June 01, p40-43.

Debris
Impact Codes and Standards, Vinu J. Abraham, AE June 01, p19-20.

Design
Quality Function Deployment in Design/Build Projects, Low Sui Pheng and Larry Yeap, AE June 01, p30-39.

Understanding Concepts of Efficiency and Effectiveness in Architectural Facilities Space Planning and Design, B. D. Ilozor and D. B. Ilozor, AE Dec. 01, p126-130.

Design criteria
Practitioner's Forum: Overview on Water-Mist Fire Suppression System, B. Yao and W. K. Chow, AE Sept. 01, p59-60.

Developing countries
Quality of Building Construction Materials (Cement) in Developing Countries, Enno "Ed" Koehn and Mohsin Ahmmed, AE June 01, p44-50.

Diffusers
Cold-Air Distribution Comparison for Four Supply Air Diffusers, S. Jafri, J. Jones and H. Singh, AE Mar. 01, p1-5.

Education
Development of a Teaching Tool for Building Construction, Mehdi Setareh, P.E., AE Mar. 01, p6-12.

Efficiency
Understanding Concepts of Efficiency and Effectiveness in Architectural Facilities Space Planning and Design, B. D. Ilozor and D. B. Ilozor, AE Dec. 01, p126-130.

Emergency services
Use of a Modified Network Model for Analyzing Evacuation Patterns in High-Rise Buildings, Siu Ming Lo, Zheng Fang and DaHong Chen, AE June 01, p21-29.

Energy
Building Energy Management as a Continuous Quality Control Process, Gregor P. Henze, AE Dec. 01, p97-106.

Energy losses
Measurements of Air Leakage through Revolving Doors of Institutional Building, R. Zmeureanu, P.E., T. Stathopoulos, P.E., M. E. D. Schopmeijer, F. Siret and J. Payer, AE Dec. 01, p131-137.

Evacuation
Use of a Modified Network Model for Analyzing Evacuation Patterns in High-Rise Buildings, Siu Ming Lo, Zheng Fang and DaHong Chen, AE June 01, p21-29.

Excavation
Underexcavation for Leveling Buildings in Mexico City: Case of the Metropolitan Cathedral and the Sagrario Church, Efraín Ovando-Shelley and Enrique Santoyo, AE Sept. 01, p61-70.

Facilities
Understanding Concepts of Efficiency and Effectiveness in Architectural Facilities Space Planning and Design, B. D. Ilozor and D. B. Ilozor, AE Dec. 01, p126-130.

Fire protection
Practitioner's Forum: Overview on Water-Mist Fire Suppression System, B. Yao and W. K. Chow, AE Sept. 01, p59-60.

Florida
Impact Codes and Standards, Vinu J. Abraham, AE June 01, p19-20.

Geographic information systems
Site Analysis: Linking Program and Concept in Land Planning and Design by James A. LaGro, Jr. Ken R. Tamminga, AE Sept. 01, p94-95.

Glass
Considerations for Blast-Resistant Glazing Design, H. Scott Norville, P.E. and Edward J. Conrath, P.E., AE Sept. 01, p80-86.

Volumetric Study of Reflected Glare from Glass Curtain Walls of Buildings, Naai-Jung Shih and Yen-Shih Huang, AE Sept. 01, p87-93.

Heat transfer
Practitioner's Forum: Overview on Water-Mist Fire Suppression System, B. Yao and W. K. Chow, AE Sept. 01, p59-60.

Hurricanes
Impact Codes and Standards, Vinu J. Abraham, AE June 01, p19-20.

Ice
Cold-Air Distribution Comparison for Four Supply Air Diffusers, S. Jafri, J. Jones and H. Singh, AE Mar. 01, p1-5.

Infiltration
Measurements of Air Leakage through Revolving Doors of Institutional Building, R. Zmeureanu, P.E., T. Stathopoulos, P.E., M. E. D. Schopmeijer, F. Siret and J. Payer, AE Dec. 01, p131-137.

Innovation
Technological Trajectories of Construction Innovation, T. Michael Toole, P.E., AE Dec. 01, p107-114.

Transformable Structures Design Features and Preliminary Investigation, Katherine Liapi, AE Mar. 01, p13-17.

Italy
Brunelleschi's Dome: How a Renaissance Genius Reinvented Architecture by Ross King, Brian Curran, AE June 01, p57.

Land development
Site Analysis: Linking Program and Concept in Land Planning and Design by James A. LaGro, Jr. Ken R. Tamminga, AE Sept. 01, p94-95.

Leakage
Measurements of Air Leakage through Revolving Doors of Institutional Building, R. Zmeureanu, P.E., T. Stathopoulos, P.E., M. E. D. Schopmeijer, F. Siret and J. Payer, AE Dec. 01, p131-137.

Learning
Development of a Teaching Tool for Building Construction, Mehdi Setareh, P.E., AE Mar. 01, p6-12.

Leveling
Underexcavation for Leveling Buildings in Mexico City: Case of the Metropolitan Cathedral and the Sagrario Church, Efraín Ovando-Shelley and Enrique Santoyo, AE Sept. 01, p61-70.

Management methods
Quality Function Deployment in Design/Build Projects, Low Sui Pheng and Larry Yeap, AE June 01, p30-39.

Masonry
Influence of Construction Method on Water Permeation of Interlocking Block Masonry, K. B. Anand and K. Ramamurthy, AE June 01, p52-56.

Measurement
Measurements of Air Leakage through Revolving Doors of Institutional Building, R. Zmeureanu, P.E., T. Stathopoulos, P.E., M. E. D. Schopmeijer, F. Siret and J. Payer, AE Dec. 01, p131-137.

Mexico
Underexcavation for Leveling Buildings in Mexico City: Case of the Metropolitan Cathedral and the Sagrario Church, Efraín Ovando-Shelley and Enrique Santoyo, AE Sept. 01, p61-70.

Middle East
Value Engineering and Optimal Building Projects, Akintola Omigbodun, AE June 01, p40-43.

Missiles
Impact Codes and Standards, Vinu J. Abraham, AE June 01, p19-20.

Models
Use of a Modified Network Model for Analyzing Evacuation Patterns in High-Rise Buildings, Siu Ming Lo, Zheng Fang and DaHong Chen, AE June 01, p21-29.

Monuments
Brunelleschi's Dome: How a Renaissance Genius Reinvented Architecture by Ross King, Brian Curran, AE June 01, p57.

Multiple use
Transformable Structures Design Features and Preliminary Investigation, Katherine Liapi, AE Mar. 01, p13-17.

Numerical models
Numerical Studies on Smoke Filling Process in an Airport Terminal, E. Cui and W. K. Chow, AE Sept. 01, p71-79.

Optimization
Value Engineering and Optimal Building Projects, Akintola Omigbodun, AE June 01, p40-43.

Planning
Site Analysis: Linking Program and Concept in Land Planning and Design by James A. LaGro, Jr. Ken R. Tamminga, AE Sept. 01, p94-95.

Preservation
Underexcavation for Leveling Buildings in Mexico City: Case of the Metropolitan Cathedral and the Sagrario Church, Efraín Ovando-Shelley and Enrique Santoyo, AE Sept. 01, p61-70.

Project management
Building Project Scope Definition Using Project Definition Rating Index, Chung-Suk Cho and G. Edward Gibson, Jr., AE Dec. 01, p115-125.

Quality control
Building Energy Management as a Continuous Quality Control Process, Gregor P. Henze, AE Dec. 01, p97-106.

Reflection
Volumetric Study of Reflected Glare from Glass Curtain Walls of Buildings, Naai-Jung Shih and Yen-Shih Huang, AE Sept. 01, p87-93.

Rehabilitation
Underexcavation for Leveling Buildings in Mexico City: Case of the Metropolitan Cathedral and the Sagrario Church, Efraín Ovando-Shelley and Enrique Santoyo, AE Sept. 01, p61-70.

Simulation
Transformable Structures Design Features and Preliminary Investigation, Katherine Liapi, AE Mar. 01, p13-17.

Site investigation
Site Analysis: Linking Program and Concept in Land Planning and Design by James A. LaGro, Jr. Ken R. Tamminga, AE Sept. 01, p94-95.

Smoke control
Numerical Studies on Smoke Filling Process in an Airport Terminal, E. Cui and W. K. Chow, AE Sept. 01, p71-79.

Structural design
Transformable Structures Design Features and Preliminary Investigation, Katherine Liapi, AE Mar. 01, p13-17.

Structural safety
Considerations for Blast-Resistant Glazing Design, H. Scott Norville, P.E. and Edward J. Conrath, P.E., AE Sept. 01, p80-86.

Suppressors
Practitioner's Forum: Overview on Water-Mist Fire Suppression System, B. Yao and W. K. Chow, AE Sept. 01, p59-60.

Surface finishing
Influence of Construction Method on Water Permeation of Interlocking Block Masonry, K. B. Anand and K. Ramamurthy, AE June 01, p52-56.

Teaching methods
Development of a Teaching Tool for Building Construction, Mehdi Setareh, P.E., AE Mar. 01, p6-12.

Temperature distribution
Cold-Air Distribution Comparison for Four Supply Air Diffusers, S. Jafri, J. Jones and H. Singh, AE Mar. 01, p1-5.

Tests
Numerical Studies on Smoke Filling Process in an Airport Terminal, E. Cui and W. K. Chow, AE Sept. 01, p71-79.

Utilities
Building Energy Management as a Continuous Quality Control Process, Gregor P. Henze, AE Dec. 01, p97-106.

Value engineering
Value Engineering and Optimal Building Projects, Akintola Omigbodun, AE June 01, p40-43.

Ventilation
Numerical Studies on Smoke Filling Process in an Airport Terminal, E. Cui and W. K. Chow, AE Sept. 01, p71-79.

Volume measure
Volumetric Study of Reflected Glare from Glass Curtain Walls of Buildings, Naai-Jung Shih and Yen-Shih Huang, AE Sept. 01, p87-93.

Water infiltration
Influence of Construction Method on Water Permeation of Interlocking Block Masonry, K. B. Anand and K. Ramamurthy, AE June 01, p52-56.

Wind speed
Impact Codes and Standards, Vinu J. Abraham, AE June 01, p19-20.

Window glass
Considerations for Blast-Resistant Glazing Design, H. Scott Norville, P.E. and Edward J. Conrath, P.E., AE Sept. 01, p80-86.

AUTHOR INDEX

Abraham, Vinu J.
Impact Codes and Standards, AE June 01, p19-20

Ahmmed, Mohsin
see Koehn, Enno "Ed", AE June 01, p44-50

Anand, K. B.
Influence of Construction Method on Water Permeation of Interlocking Block Masonry, with K. Ramamurthy, AE June 01, p52-56

Chen, DaHong
see Lo, Siu Ming, AE June 01, p21-29

Cho, Chung-Suk
Building Project Scope Definition Using Project Definition Rating Index, with G. Edward Gibson, Jr., AE Dec. 01, p115-125

Chow, W. K.
see Cui, E., AE Sept. 01, p71-79
see Yao, B., AE Sept. 01, p59-60

Conrath, Edward J., P.E.
see Norville, H. Scott, P.E., AE Sept. 01, p80-86

Cui, E.
Numerical Studies on Smoke Filling Process in an Airport Terminal, with W. K. Chow, AE Sept. 01, p71-79

Curran, Brian
Brunelleschi's Dome: How a Renaissance Genius Reinvented Architecture by Ross King, AE June 01, p57

Fang, Zheng
see Lo, Siu Ming, AE June 01, p21-29

Gibson, G. Edward, Jr.
see Cho, Chung-Suk, AE Dec. 01, p115-125

Henze, Gregor P.
Building Energy Management as a Continuous Quality Control Process, AE Dec. 01, p97-106

Huang, Yen-Shih
see Shih, Naai-Jung, AE Sept. 01, p87-93

Ilozor, B. D.
Understanding Concepts of Efficiency and Effectiveness in Architectural Facilities Space Planning and Design, with D. B. Ilozor, AE Dec. 01, p126-130

Ilozor, D. B.
